

Android 5.0 operating system update for your **SAMSUNG GALAXY S® 5.**

Software Version: LRX21T.G900VVRU1BNLC

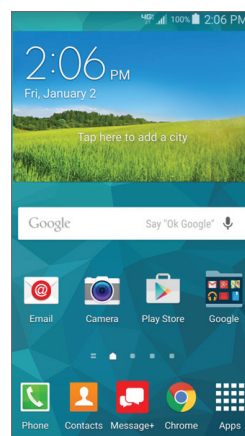

Verizon Wireless is pleased to announce an operating system update to Android 5.0 Lollipop. This version brings Android beyond smartphones and tablets, allowing access to apps and Android services on other connected screens like TV's, cars and wearables. The new material design offers complex animations, 3-D views and improved runtime.

Samsung Galaxy S® 5

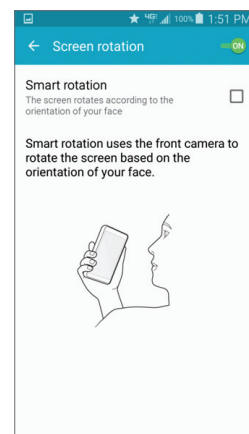

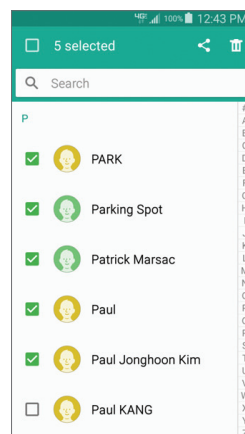

MATERIAL DESIGN

- Android Lollipop brings the all-new material design offering fluid animations, vivid colored-themes, and 3-D views for a more pleasurable experience

BASIC INTERACTION

- Bolder color and more fluid animations
- The on/off toggle button style updated based on material design

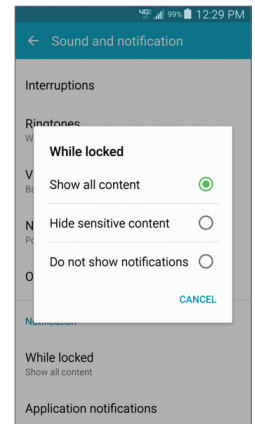

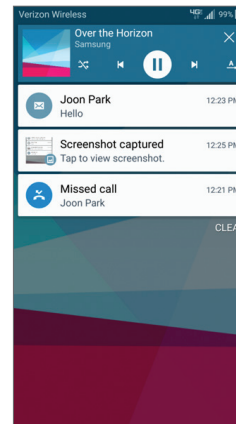

For step-by-step instructions on how to perform the download, please visit www.verizonwireless.com/galaxys5software

SAMSUNG GALAXY S 5 LOLLIPOP

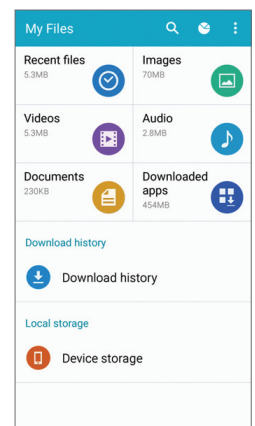

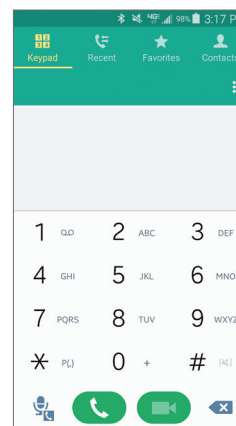

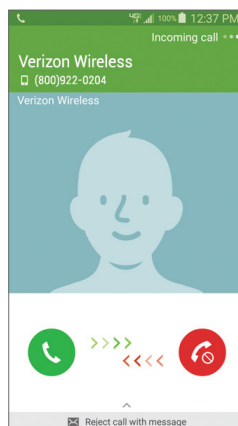

LOCK SCREEN

- The shortcuts for both Phone and Camera are provided for convenience
- Material design-inspired notifications
- Ability to set priority and privacy for notifications on lock screen
- Provide music control as a card to utilize the real estate of the lock screen UI

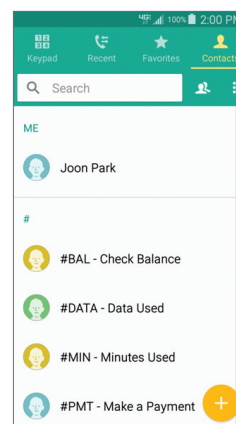

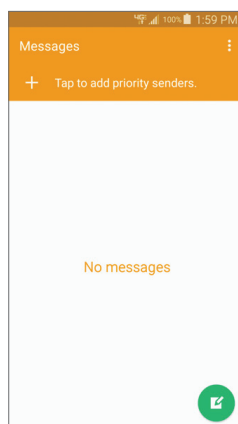

TOUCHWIZ

- Brighter look and feel, bold colors, fluid animation inspired by material design.

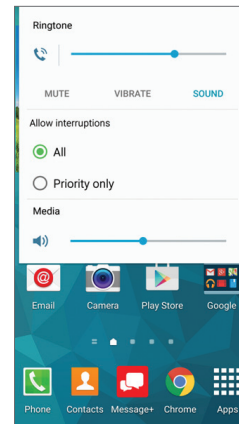

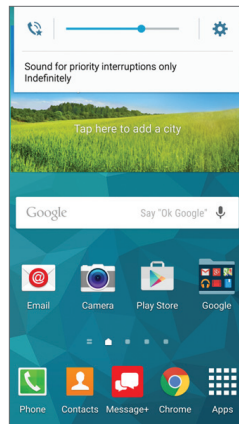

FLOATING ACTION BUTTON

- Floating action buttons provide easy access to the app's most important features, such as adding a new contact or favorite, or composing a text message.

INTERRUPTIONS

- Interruptions give you more advanced options to control your sound settings
- Priority notifications such as events and reminders, phone calls, and messages can be set up to sound or vibrate while all other notifications are muted.
- Set downtime for specific days and times to control notification sounds automatically

RECENTS

- Easy access to your Chrome tabs right from the Recent apps page
- Multi-window icons for ease-of-use during multi-tasking
